PART II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative asset allocation (% of total assets)	
	Minimum	Maximum
Equities and equity related securities constituting Nifty Total Market index (including stock and index derivatives)	95	100
Cash & Cash Equivalents and Money Market instruments, Reverse Repo and / or Tri-Party Repo on Government Securities and / or Treasury bills and/or units of money market / liquid schemes	0	5

Cash Equivalents include Government Securities, T-Bills and Repo on Government Securities having residual maturity of less than 91 days.

The Scheme may invest upto 5% net assets in money market / liquid schemes without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management company or in schemes under the management of any other AMC shall not exceed 5% of the NAV of the Mutual Fund in accordance with Clause 4 of Seventh Schedule of SEBI MF Regulations.

Investors may note that securities, which endeavor to provide higher returns typically, display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to very high volatility in its equity and equity related investments and low to moderate volatility in its money market investments.

A portion of the net assets may be invested in Money Market Instruments permitted by SEBI / RBI to meet the liquidity requirements of the Scheme and/ or for meeting margin money requirement.

The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error. Under normal circumstances, the AMC shall endeavor that the Tracking Error of the Scheme shall not exceed 2% per annum. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the Underlying Index.

The Scheme may take an exposure to equity Derivatives of constituents or index Derivatives of the Underlying Index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted subject to rebalancing within 7 calendar days (or as specified by SEBI from time to time). The exposure of the Scheme in Derivative instruments shall be up to 20% of the net assets of the Scheme.

The cumulative gross exposure through equity shares, Derivatives, Money Market Instruments, reverse Repo and / or Tri-Party Repo on Government Securities and / or Treasury bills and/or units of money market / liquid schemes and other permitted securities/assets shall not exceed 100% of the net assets of the Scheme, as per paragraph 12.24 of the SEBI Master Circular dated June 27, 2024.

As per paragraph 12.25 of the SEBI Master Circular dated June 27, 2024, cash and Cash Equivalents having residual maturity of less than 91 days shall not be considered for the purpose of calculating gross exposure

limit. SEBI has vide its letter dated November 03, 2021 clarified that Cash Equivalents shall consist of Government Securities, T-Bills and Repo on Government Securities.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sr. no	Type of Instrument	Percentage of exposure	Circular reference
1.	Stock Lending	Up to 20% of the net assets of the Scheme and single intermediary/counter party exposure restricted to 5% of the net assets of the Scheme at the time of lending.	Paragraph 12.11 of SEBI Master Circular dated June 27, 2024
2.	Equity Derivatives	Exposure in equity Derivatives shall be up to 20% of the equity portfolio.	Paragraph 12.25 of SEBI Master Circular dated June 27, 2024

The Scheme will not invest / have exposure in the following instruments :

Sr. No.	Particulars
1	Securitised Debt
2	Real Estate Investment Trusts (REITs) or Infrastructure Investment Trusts (InvITs)
3	Fund of Fund schemes
4	Credit Default Swap transactions
5	Debt Instruments with special features (AT1 and AT2 Bonds)
6	Debt Instruments with Structured Obligations / Credit Enhancements
7	Short selling of securities
8	Repo / Reverse Repo in corporate debt securities
9	Foreign Securities
10	Unrated instruments (except TREPS/ Government Securities/ T- Bills / Repo and Reverse Repo in Government Securities)

Portfolio Concentration Norms

The Scheme shall comply with the portfolio concentration norms in accordance with paragraph 3.4 of the SEBI Master Circular dated June 27, 2024, as given hereinbelow :

- The index shall have a minimum of 10 stocks as its constituents.
- For a sectoral/ thematic index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the index.
- The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The Underlying Index i.e. Nifty Total Market Index complies with the aforesaid portfolio concentration norms.

Change in Investment Pattern

Portfolio rebalancing due to short term defensive consideration :

Any alteration in the investment pattern will be for a short term on defensive considerations as per paragraph 1.14.1.2.b of the SEBI Master Circular dated June 27, 2024, the intention being at all times to protect the interests of the Unit holders and the Scheme shall rebalance the portfolio within 7 calendar days from the date of deviation. It may be noted that no prior intimation/indication will be given to Investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Portfolio rebalancing in case of passive breaches :

Pursuant to paragraph 3.6.7.1 of the SEBI Master Circular dated June 27, 2024, in case of change in constituents of the index due to periodic review, the portfolio of the Scheme will be rebalanced within 7 calendar days. In the event of involuntary corporate action, the Scheme shall dispose of the security not forming part of the Underlying Index within 7 days from the date of allotment/listing.

Any transactions undertaken in the portfolio of the Scheme in order to meet the Redemption and Subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 read with sub-regulation (26) of Regulation 25 of the SEBI MF Regulations.

B. WHERE WILL THE SCHEME INVEST?

The corpus of the Scheme will be invested in equity and equity related securities included in the Underlying Index regardless of their investment merit. Subject to the SEBI MF Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities / instruments:

1. Equity and equity related securities constituting the Underlying Index.
2. Equity Derivatives
3. Money Market Instruments
4. Reverse Repo and/or Tri-Party Repo on Government Securities and/or Treasury bills
5. Cash & Cash Equivalents
6. Units of money market / liquid mutual fund schemes, subject to requisite regulatory guidelines.
7. Any other securities / instruments as may be permitted by SEBI from time to time, subject to requisite regulatory approvals, if any.

Further, the Scheme intends to participate in Stock Lending as permitted by SEBI.

Detailed definition and applicable regulations/guidelines for each instrument is included in Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme is a passively managed exchange traded fund which follows an investment approach designed to track the performance of Nifty Total Market TRI. The Scheme seeks to achieve this goal by investing in securities constituting the Nifty Total Market Index in the same proportion as in the Index. The AMC does not make any judgement about the investment merit of the individual security constituting

the Nifty Total Market Index nor does it attempt to apply any economic, financial or market analysis. Indexing eliminates active management risks with regard to over/ underperformance vis-à-vis a benchmark. This is done by investing in all the stocks comprising the Nifty Total Market Index in approximately the same weightage that they represent in Nifty Total Market Index. The Scheme will invest at least 95% of its total assets in the securities comprising the Underlying Index. The Scheme may also invest in Money Market Instruments to meet the liquidity and expense requirements.

The Scheme shall follow a passive investment strategy. The performance of the Scheme may not be commensurate with the performance of the benchmark of the Scheme on any given day or over any given period. Such variation is commonly referred to as the Tracking Error. The investment strategy revolves around reducing the Tracking Error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of the securities in the index as well as the incremental Subscriptions/Redemptions from the Scheme.

The Scheme intends to use Derivatives for purposes that may be permitted by the SEBI MF Regulations from time to time. Derivatives instruments may take the form of Futures, Options or any other instrument, as may be permitted from time to time. For detailed Derivative strategies, please refer to SAI.

Procedure and recording of investment decisions and risk control

All investment decisions relating to the Scheme will be undertaken by the AMC in accordance with the Regulations and the investment objectives specified in this Scheme Information Document. All investment decisions taken by the AMC along with justification in relation to the Scheme shall be recorded.

The designated fund manager of the Scheme is responsible for taking the day-to-day investment decisions and is *inter alia* responsible for asset allocation, security selection and timing of investment decisions.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual fund, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. No investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all schemes of the Mutual Fund or in the schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund. The limit, however, does not apply to any Fund of Funds scheme.

PORTFOLIO TURNOVER

As the Scheme follows a passive investment strategy, the endeavor is to minimize portfolio turnover subject to the exigencies and needs of the Scheme. Generally, as the Scheme is open-ended, turnover will be confined to rebalancing of portfolio on account of new Subscriptions, Redemptions and change in the composition of the Nifty Total Market Index. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

A higher churning of the portfolio could attract high transactions of the nature of brokerage, custody charges, etc.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Nifty Total Market TRI (Total Return Index) is selected as the benchmark for the Scheme.

Nifty Total Market Index aims to track the performance of 750 stocks covering large, mid, small and microcap segments via a single index. Stocks that are part of Nifty 500 Index and Nifty Microcap 250 Index form part of the Nifty Total Market Index. Stock's weight is based on its free-float market capitalization.

The composition of the benchmark is such that it is most suited for comparing performance of the Scheme.

Index Methodology as provided by NSE Indices Limited:

- The index will include all the stocks of Nifty 500 and Nifty Microcap 250 Indices at every point in time.
- Index reconstitution will be aligned with the rebalancing of Nifty 500 and Nifty Microcap 250 Indices and will be done on a semi-annual basis and made effective from the last trading day of March and September, using 6 month ended average data for January and July respectively.
- Apart from the scheduled semi-annual review, additional ad-hoc reconstitution and rebalancing of the index shall be initiated in case any of the index constituents is excluded from Nifty 500 Index or Nifty Microcap 250 Index or undergoes suspension or delisting or scheme of arrangement.
- Further, on a quarterly basis, indices will be screened for compliance with the portfolio concentration norms for ETFs/ Index Funds announced by SEBI on January 10, 2019. In case of non-compliance, suitable corrective measures will be taken to ensure compliance with the norms.

Weight and Constituent Capping:

H. ADDITIONAL SCHEME RELATED DISCLOSURES

- i. Scheme's portfolio holdings:

Investors can refer to the below link for the Scheme's portfolio holdings (www.angelonemf.com/downloads).

- ii. Disclosure of name and exposure to top 7 stocks and groups and top 4 sectors as a percentage of NAV of the scheme:

Investors can refer to the below link for any information on the above point (www.angelonemf.com/downloads).

Change in the constituents of the index, if any, shall be disclosed on the AMC website on the day of change.

- iii. Functional website link for Portfolio Disclosure:

Investors can refer to the below link for any information on the above point (www.angelonemf.com/downloads).

- iv. Portfolio Turnover Rate particularly for equity-oriented schemes shall also be disclosed:

Not Applicable.

- v. Aggregate investment in the Scheme by :

Sr. No.	Category of Persons	Net Value		Market Value (as on March 17, 2025)
		Units	NAV per unit	
	Fund Managers	4,998	Rs. 10	Rs. 50,719.70

For details of investments made by the Directors and Key Personnel of the AMC, please refer to SAI.

- vi. Investments of AMC in the Scheme:

From time to time and subject to the SEBI MF Regulations, the Sponsor, its associate companies and subsidiaries, and the AMC may invest either directly or indirectly in the Scheme. The AMC shall not be entitled to charge any fees on such investment. Please refer to (www.angelonemf.com/downloads) for details of investments made by the AMC in the Scheme.

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme is computed by dividing the net assets of the Scheme by the number of Units outstanding as on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI MF Regulations or such norms as may be prescribed by SEBI from time to time, and as stipulated in the valuation policy and procedures mentioned in the SAI.

NAV of Units under the Scheme shall be calculated as shown below :

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets	-	Current Liabilities and Provisions
--	---	----------------	---	------------------------------------

No. of Units outstanding under the Scheme

The Units are available at the Applicable NAV based prices. NAV is calculated upto four decimal places at the close of every Business Day of the Scheme and declared on each Business Day.

The AMC also calculates indicative NAV (iNAV) and publishes the same on its website viz. www.angelonemf.com. iNAV will not have any bearing on the creation or redemption of units directly with the Fund by the Market Makers/Large Investors. For transactions by Market Makers / Large Investors directly with the AMC, Intra-Day NAV based on the executed price at which the securities representing the Underlying Index are purchased / sold, shall be applicable.

Illustration:

Computation of NAV :

Market or Fair Value of Scheme's investments : Rs. 10,000,000;
 Current assets of the Scheme : Rs. 2,500,000;
 Current Liabilities and Provisions : Rs. 1,500,000;
 No. of Units outstanding : 500,000.

Thus, the NAV will be calculated as:

NAV =

Rs. 10,000,000	+	Rs. 2,500,000	-	Rs. 1,500,000
----------------	---	---------------	---	---------------

500,000

Therefore, the NAV of the Scheme is Rs. 22/-.

Computation of Repurchase Price - If the Applicable NAV is Rs. 10, Exit Load is 2% then Redemption price will be Rs. $10 * (1 - 0.02) = \text{Rs. } 9.80$.

The Redemption Price will not be lower than 95% of the NAV.

For details on policies related to computation of NAV, rounding off, procedure in case of delay in disclosure of NAV, etc. please refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like marketing and advertising, Registrar expenses, printing and stationary, bank charges etc. Such expenses shall be borne by the AMC and will not be charged to the Scheme.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agent's fee, marketing and selling costs etc. as given in the table below.

The AMC has estimated that upto 1.00% (plus additional expenses as permitted under SEBI MF Regulations) of the daily net assets of the Scheme will be charged to the Scheme as expenses.

For the actual current expenses being charged, Investors should refer to the website of the Mutual Fund (viz. www.angelonemf.com/daily-ter).

Expense Head	% p.a. of daily Net Assets (Estimated p.a.)
Investment Management & Advisory Fee	Upto 1.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / Redemption cheques/ warrants	
Marketing & selling expenses including Agents' commission and statutory advertisement	

Expense Head	% p.a. of daily Net Assets (Estimated p.a.)
Listing and licensing fees	
Incentives to Market Makers	
Costs related to Investor communications	
Costs of fund transfer from location to location	
Cost towards Investor education & awareness	
Goods & Services Tax on expenses other than investment and advisory fees	
Brokerage and transaction cost (including GST) over and above 12 bps and 5 bps for cash and Derivative market trades respectively	
Other Expenses*	
Maximum Total Expense Ratio (TER) permissible under Regulation 52 (6)(b)^	Upto 1.00%

The Scheme shall not incur any distribution expenses and no commission shall be paid by this Scheme.

* As permitted under Regulation 52 of the SEBI MF Regulations or such other basis as specified by SEBI from time to time. ^In line with clause 10.1.16.a of SEBI Master Circular dated June 26, 2024, the AMC / Mutual Fund shall annually set apart 1 basis point (i.e. 0.01%) on daily net assets of the Scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI MF Regulations for investor education and awareness initiatives. Expenses will be charged on daily net assets.

The above expenses are fungible within the overall maximum limit prescribed under SEBI MF Regulations, which means there will be no internal sub-limits on expenses and the AMC is free to allocate them within the overall TER.

The Scheme can charge expenses within the overall maximum limits prescribed under the SEBI MF Regulations without any internal cap allocated to any of the expense heads specified in the above table.

Brokerage and transaction costs (inclusive of GST) which are incurred for the purpose of execution of trades, shall be charged to the Scheme as per Regulation 52(6A)(a) of SEBI MF Regulations not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of Derivatives transactions. With effect from April 1, 2023, to align with Indian Accounting Standards requirement, transactions cost incurred for the purpose of execution of trades are expensed out (viz. charged to Revenue Account instead of Capitalization (i.e. forming part of cost of investment)). Any payment towards brokerage and transaction cost, over and above the said 0.12 percent and 0.05 percent for cash market transactions and Derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI MF Regulations.

All Scheme related expenses shall necessarily be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, Sponsor, Trustee or any other entity through any route.

The AMC may charge Goods and Services Tax ("GST") on investment and advisory fees to the Scheme of the Mutual Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas GST on other than investment and advisory fees, if any, shall be borne by the Scheme within the maximum limit as per regulation 52 of the SEBI MF Regulations.

For the actual current expenses being charged to the Scheme, the Investor should refer to the website of the Mutual Fund at www.angelonemf.com/daily-ter. Any change in the expense ratio will be

communicated to the Unitholders through notice via SMS / e-mail at least three working days prior to the effective date of change. Such notice of change in TER shall also be updated on the AMC website at least three working days prior to effecting such change.

Illustration – Impact of Expense Ratio on the returns of the Scheme :

Value of Rs. 1 lakh on 12% annual returns in 1 year, considering Expense Ratio of 1%	
Amount invested (Rs.)	100,000.00
NAV at the time of Investment (Rs.)	10.00
No. of Units	10,000
Gross NAV at end of 1 year (assuming 12% annual return) (Rs.)	11.20
Expenses (assuming Expense Ratio of 1% on average of opening and closing NAV) (Rs.)	0.11
Actual NAV at end of 1 year post expenses (assuming Expense Ratio as above) (Rs.)	11.09
Value of investment at end of 1 year (Before expenses) (Rs.)	112,000.00
Value of Investment at end of 1 year (After expenses) (Rs.)	110,940.00

Note: The above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the returns over the period under consideration. Expenses will be charged on daily net assets.

D. LOAD STRUCTURE

Entry Load : Not Applicable

Exit Load is an amount which is paid by the Investor to redeem the units from the Scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.angelonemf.com) or call at toll free no. 1800-209-0231 or reach out to your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit	Nil

The Exit Load charged, if any, shall be credited back to the Scheme. Goods and Services tax on Exit Load shall be paid out of the Exit Load proceeds and Exit Load net of Goods and Services tax shall be credited to the Scheme.

Exit Load, if any, prevailing on the date of enrolment of SIP/ STP shall be levied in the Scheme.

Investors are requested to check the prevailing load structure of the Scheme before investing. Any imposition or enhancement in the load shall be applicable on prospective investments only.

Subject to the SEBI MF Regulations, the Trustee reserves the right to modify/alter the Load structure on

the Units subscribed/redeemed on any Business Day. At the time of changing the Load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Document and Key Information Memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the Investor Service Centres and distributors/brokers office.
- iii. The introduction of the Exit Load along with the details will be stamped in the acknowledgement slip issued to the Investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such Load.
- iv. A public notice shall be provided on the website of the AMC in respect of such changes.

SECTION II

I. INTRODUCTION

A. Definitions/Interpretation

Please refer the following link for Definitions/Interpretations : (www.angelonemf.com/downloads)

B. Risk factors (Scheme specific risk factors)

(i) Risks associated with the Scheme being an Exchange Traded Fund (“ETF”) :

- a) Absence of prior active market: Although the Units of the Scheme are listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.
- b) Lack of market liquidity: Trading in Units of the Scheme on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or market regulator, trading in the ETF Units is inadvisable. In addition, trading in the Units of the Scheme may be subject to trading halts caused by extraordinary market volatility pursuant to ‘circuit breaker’ rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the Units of the Scheme will continue to be met or will remain unchanged.
- c) Units of the Scheme may trade at prices other than NAV: Units of the Scheme may trade above or below its NAV. The NAV of the Scheme may fluctuate with changes in the market value of a Scheme’s holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in its NAVs as well as market supply and demand. However, given that the Scheme can be created / redeemed in Creation Units, directly with the Fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.
- d) Regulatory Risk: Any changes in trading regulations by the Stock Exchange or SEBI may affect the ability of the Market Maker to arbitrage resulting into wider premium/discount to NAV. Although the Scheme is proposed to be listed on the Exchange, the AMC and the Trustee will not be liable for delay in listing of Units of the Scheme on Exchange / or due to connectivity problems with the Depositories due to the occurrence of any event beyond their control.
- e) Right to limit Redemption: The Trustee, in the general interest of the Unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day depending on the total “Saleable Underlying Stock” available with the Fund.
- f) Redemption Risk: The Unit holders may note that even though this is an open ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit Size. Thus, unit holdings less than the Creation Unit Size can normally only be sold through the secondary market unless no quotes are available on the Exchange for 3 trading days consecutively.
- g) Though the Scheme will be listed on the stock exchange, there is no assurance that an active secondary market will develop or be maintained.
- h) Investors may note that even though this is an open-ended scheme, they will have to buy or sell Units of the Scheme on the Stock Exchanges where these Units are listed for liquidity at the market price, subject to the rules and regulations of the Exchange. Buying and selling units on the Stock Exchange requires the investor to engage the services of a broker and are subject to payment of margins as required by the Stock Exchange/broker, payment of brokerage, securities transactions tax and such other costs.
- i) The market price of the Units of the Scheme, like any other listed security, is largely dependent on two factors, viz. (1) the intrinsic value of the Unit (or NAV) and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units on the Stock Exchange may lead to market price of the Units to quote at premium or discount to NAV. However, since the eligible investors can transact with the AMC for Units in the Creation Unit Size, there should not be a significant

variance from the NAV. Hence, the price of the Scheme is less likely to hold significant variance (large premium or discount) from the latest declared NAV all the time.

- j) The Units will be issued only in demat form through Depositories. The records of the Depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund depends on the confirmations to be received from Depository(ies) on which the AMC has no control.

(ii) Risks associated with investing in securities constituting Nifty Total Market index :

The Scheme attempts to track its benchmark index and invests in the securities constituting the index regardless of their investment merit. As such, the Scheme is exposed to certain specific risks relating to the index as given below :

- Performance of the Underlying Index (viz. Nifty Total Market Index) will have a direct bearing on the performance of the Scheme. In the event when the Underlying Index is dissolved or is withdrawn by NSE Indices Limited (NSEIL) or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the Unit holders of the Scheme. In such a case, the investment pattern of the Scheme will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to Tracking Errors during the intervening period, subject to applicable SEBI MF Regulations.
- Tracking Errors are inherent in any index fund and such errors may cause the Scheme to generate returns which are not in line with the performance of the Underlying Index or one or more securities covered by / included in the Underlying Index. Such errors may arise from a variety of factors including but not limited to, any delay in the purchase or sale of securities due to illiquidity in the market, settlement and realisation of sales proceeds, delay in credit of securities or in receipt and consequent reinvestment of Dividends, etc. Under normal circumstances, such Tracking Error is not expected to exceed 2% per annum. It needs to be clearly understood that the actual Tracking Error can be higher or lower.
- The Underlying Index reflects the prices of securities at a point in time, which is the price at close of Business Day on the National Stock Exchange of India Limited (NSE). The Scheme, however, may trade in these securities at different points in time during the trading session and therefore the prices at which the Scheme trades may not be identical to the closing price of each scrip on that day on the NSE. In addition, the Scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from NSE closing prices.
- NSEIL undertakes periodic reviews of the securities that are represented in the Nifty Total Market Index and from time to time may exclude existing securities or include new ones. In such an event, the Scheme will endeavor to reallocate its portfolio to mirror the changes. However, the reallocation process may not occur instantaneously and permit precise mirroring of the Nifty Total Market Index during this period.
- Being an open-ended scheme, the Scheme may hold appropriate levels of cash or Cash Equivalents to meet ongoing Redemptions. The Scheme may not be able to acquire or sell the desired number of securities due to conditions prevailing in the securities market, such as, but not restricted to: circuit filters in the securities, liquidity and volatility in security prices.
- In case of investments in Derivatives like index futures, the risk reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market.
- Currency Risk: Companies within the index may have exposure to foreign currencies through international sales, imports, or foreign exchange contracts. Currency fluctuations can impact the earnings and cash flows of these companies, affecting the performance of the Scheme.

- **Regulatory and Environmental Risk:** Companies within the index may be subjected to regulatory requirements related to environmental protection, safety standards, labor practices, and land acquisition. Changes in regulations or compliance issues can affect production costs, supply chains, and profitability, impacting the Scheme's performance.
- **Technological Disruption:** Advances in technology, such as automation, robotics, and renewable energy, can disrupt supply chains, affecting the competitiveness and profitability of the companies held in the index which will have a direct bearing on the performance of the Scheme.
- **Corporate Governance Risks:** Weak corporate governance practices, such as inadequate board oversight, conflicts of interest, or related-party transactions, can undermine shareholder value and increase the risk of fraud, mismanagement, or regulatory scrutiny, affecting the Scheme's returns.
- **Investments in the equity shares of the companies constituting the Underlying Index** are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macro-economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- Dividends from the constituent securities are assumed to be reinvested into the Nifty Total Market Index after the ex-dividend date of the constituents. However, in practice, the dividend is received with a lag. This can lead to some Tracking Error.
- The Scheme may not be able to sell securities in the market due to various reasons, which can lead to temporary illiquidity.

(iii) Risks relating to Tracking Error and Tracking Difference :

The performance of the Scheme may not be commensurate with the performance of its index on any given day or over any given period. Tracking Errors are inherent in any fund based on index and such errors may cause the Scheme to generate returns which are not in line with the performance of the index.

Tracking Errors may result from a variety of factors including but not limited to:

- Fees and expenditure incurred by the Scheme.
- The funds may not be invested at all times as it may keep a portion of the funds in cash to meet Redemptions or expenses or for corporate actions of securities in the index.
- Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and the registration of any securities transferred and any delays in receiving cash and dividends and resulting delays in reinvesting them.
- Securities trading may halt temporarily due to circuit filters.
- The Underlying Index reflects the prices of securities at close of Business Hours. However, the Scheme may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the Exchange.
- The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
- The holding of a cash position to meet the Redemptions and other liquidity requirements) and accrued income prior to distribution and accrued expenses.
- Corporate actions
- Rounding off quantity of shares underlying the index.
- Disinvestments to meet Redemptions, recurring expenses, etc.
- Change in constituents of Underlying Index - in such an event, the Scheme will endeavor to reallocate its portfolio to replicate the changes. However, the reallocation process may not occur instantaneously and permit precise replication of the index due to prevailing market conditions and such delay may affect the NAV of the Scheme.

The AMC would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error. Under normal circumstances, the AMC shall endeavor that the Tracking Error of the

Scheme shall not exceed 2% per annum. However, in case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the Tracking Error may exceed 2% and the same shall be brought to the notice of Trustee with corrective actions taken by the AMC, if any.

Tracking Difference i.e. the annualized difference of daily returns between the index and the NAV of the Scheme shall be disclosed on the websites of the Mutual Fund and AMFI, on a monthly basis, for tenures 1 year, 3 years, 5 year, 10 year and since the date of allotment of units. This would be applicable after the Scheme completes one year since inception.

(iv) Risks associated with investing in equities and equity related securities:

- The volatility in the value of equity is due to various micro and macro-economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- The Scheme may not be able to sell securities in the market due to various reasons, which can lead to temporary illiquidity.

(v) Passive Investments:

The Scheme is not actively managed. Since the Scheme is linked to index, it may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme in line with its investment objective invests in securities which are constituents of its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

(vi) Settlement Risk:

In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme portfolio.

(vii) Portfolio Concentration Risk:

To the extent that the Scheme may concentrate its investments in the securities of companies of certain companies/sectors, the Scheme will be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity securities. Such risks may impact the Scheme to the extent that it invests in particular sectors even in cases where the investment objective is more generic.

(viii) Volatility Risk:

The equity markets and Derivative markets are volatile and the value of securities, Derivative contracts and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.

(ix) Right to Limit Redemptions:

The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with paragraph 1.12 of the SEBI Master Circular dated June 27, 2024.

(x) Risks associated with investing in Money Market Instruments:

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and Money Market Instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing

fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a Money Market Instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government Securities, there is no credit risk to that extent. Different types of securities in which the Scheme would invest as per its asset allocation pattern, carry different levels and types of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. commercial papers carry a higher amount of risk than Government Securities. Further, commercial papers which are A1+ rated are comparatively less risky than those which are B1+ rated.
- **Re-investment Risk:** Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the security. Consequently, the proceeds may get invested at a lower rate.
- **Liquidity Risk:** Due to the evolving nature of the fixed income market, there may be an increased risk of liquidity risk in the portfolio from time to time.

Investments in money market / liquid schemes will also be subject to the above risks.

(xi) Risks relating to portfolio rebalancing :

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table.

(xii) Risks associated with investing across market capitalizations:

The Scheme invests in equity and equity related instruments pertaining to top 750 stocks across large, mid, small and micro cap companies constituting the Underlying Index, in line with the investment objective of the Scheme. While investing in stocks across market capitalization presents an opportunity for possible higher capital appreciation, it is important to note that it can be riskier and more volatile on a relative basis. Stocks of smaller companies carry higher liquidity risk as they are less extensively researched. This may lead to abnormal illiquidity and consequent higher impact cost.

(xiii) Risk factors associated with investing in Derivatives:

The Scheme may use Derivatives instruments like stock/index futures or other Derivative instruments for the purpose of portfolio balancing, as permitted under the applicable regulations and guidelines. Use of Derivatives requires an understanding of not only the underlying instrument but also of the Derivative itself.

Usage of Derivatives will expose the Scheme to certain risks inherent to such Derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the Investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and the decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of Derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a Derivative strategy used by the fund manager are given below:

- Lack of opportunity available in the market;
- The risk of mispricing or improper valuation and the inability of Derivatives to correlate perfectly with underlying assets, rates and indices.

- **Execution Risk:** The prices which are seen on the screen need not be the same at which execution will take place.
- **Basis Risk:** This risk arises when the Derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged.
- Exchanges could raise the initial margin, variation margin or other forms of margin on Derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss and might materially impact returns.

(xiv) Risk factors associated with Stock Lending :

Stock Lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. The risks in security lending consist of the failure of intermediary/counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

(xv) Risks associated with segregated portfolio:

- **Liquidity risk** – A segregated portfolio is created when a credit event / default occurs at an issuer level in the Scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the Scheme will be closed for Redemption and Subscriptions until the segregated portfolio is created, running the risk of Investors being unable to redeem their investments. However, it may be noted that the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no Redemption and Subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to Unit holders in segregated portfolio, the AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the Exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will develop for units of segregated portfolio listed on the Stock Exchange. This could limit the ability of the Investors to resell them.

- **Valuation risk** - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

(xvi) Risks associated with investing in Government of India securities:

- **Market liquidity risk** - Even though the Government of India securities market is more liquid compared to other debt instruments, on certain occasions, there could be difficulties in transacting in the market due to extreme volatility leading to constriction in market volumes. Also, the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India undergo any adverse changes.
- **Interest rate risk** - While Government of India securities generally carry relatively minimal credit risk since they are issued by the Government of India, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase

or decrease in the level of interest rates. The price-risk is not unique to Government of India securities and exists for all fixed income securities. Therefore, their prices tend to be influenced more by movement in interest rates in the financial system than by changes in the Government's credit rating. By contrast, in the case of corporate or institutional fixed income securities, prices are influenced by their respective credit standing as well as the general level of interest rates.

(xvii) Risks associated with investing in TREPS Segments :

As a member of the securities and TREPS segments of the Clearing Corporation of India (CCIL), all transactions of the Mutual Fund in Government Securities and in TREPS segments will be settled centrally through the infrastructure and settlement systems provided by CCIL, thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members of CCIL are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The Mutual Fund will be exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the Mutual Fund is called upon to absorb settlement/default losses of another member by CCIL, the Scheme may lose an amount equivalent to its contribution to the default fund allocated to the Scheme on a pro-rata basis.

(xviii) Risks associated with investing in securitized debt:

The Scheme will not invest in securitized debt.

(xix) Risks associated with investing in Foreign Securities:

The Scheme will not invest in Foreign Securities.

(xx) Risks associated with short selling:

The Scheme will not engage in short selling of securities.

C. Risk Management Strategies

The Scheme will endeavor to manage risks associated with investing in equity and debt and money market securities by following a holistic risk management strategy. The risk control process involves identifying and measuring risks through various risk measurement tools.

The AMC has identified following risks of investing in equity and debt and money market securities and designed risk management strategies, which are embedded in the investment process to manage such risks :

Risks associated with investments in equity and equity related securities

Risk Description	Risk Mitigants / management strategy
<p>Market Risk</p> <p>The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the scheme. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and fixed income</p>	<p>Market risk is inherent to an equity scheme. Being a passively managed Scheme, it will invest in the securities included in its Underlying Index.</p>

Risk Description	Risk Mitigants / management strategy
markets.	
Liquidity risk The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.	Stocks in the Underlying Index are primarily selected on the basis of market capitalization by the index provider. The index is rebalanced based on the frequency and methodology specified. The fund manager shall make changes to the portfolio accordingly.
Derivatives Risk As and when the Scheme trades in the Derivatives market there are risk factors and issues concerning the use of Derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a Derivative requires an understanding not only of the underlying instrument but also of the Derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a Derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the Derivatives contract. Other risks in using Derivatives include the risk of mis-pricing or improper valuation of Derivatives and the inability of Derivatives to correlate perfectly with underlying assets, rates and indices.	Derivatives will be used in the form of Index Options, Index Futures and other instruments as may be permitted by SEBI. All Derivatives trade will be done only on the Exchange with guaranteed settlement. The AMC monitors the portfolio and regulatory limits for Derivatives through its front office monitoring system. Exposure with respect to Derivatives shall be in line with regulatory limits and the limits specified in the SID. No OTC contracts will be entered into.
Tracking Error risk (Volatility/ Concentration risk) The performance of the Scheme may not commensurate with the performance of the Underlying Index viz. Nifty Total Market Index on any given day or over any given period.	Over a short to medium period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objective of the Scheme is to track the performance of the Underlying Index over the same period, subject to Tracking Error. The Scheme would endeavor to maintain a low Tracking Error by actively aligning the portfolio in line with the Index.

Risks associated with investments in debt and money market securities

Risk Description	Risk Mitigants/management strategy
Market Risk / Interest Rate Risk As with all fixed income securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The Scheme may invest in Money Market Instruments having relatively shorter maturity thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities.
Liquidity risk or Marketability Risk This refers to the ease with which a security can be sold at or near to its valuation yield- to maturity (YTM).	The Scheme may invest in Money Market Instruments having relatively shorter maturity, which have low liquidity risk, as compared to medium to long maturity securities.
Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).	Management analysis may be used for identifying company specific risks. Management's past track record may also be studied. Preference will be towards high quality instruments.

II. INFORMATION ABOUT THE SCHEME:

A. Where will the Scheme invest ?

The corpus of the Scheme will be invested in equity and equity related securities constituting Nifty Total Market index (including stock and index Derivatives) and in Money Market Instruments, Reverse Repo and/or Tri-Party Repo on Government Securities and/or Treasury bills and/or units of money market/liquid schemes.

Subject to the applicable regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities / instruments :

- Equity and equity related securities constituting the Underlying Index.
- Equity Derivative instruments like stock/index futures, stock/index options and such other Derivative instruments permitted by SEBI.
- Reverse Repo and/or Tri-Party Repo on Government Securities and/or Treasury bills.
- Units of money market/liquid mutual fund schemes, subject to requisite regulatory guidelines.
- Cash and Cash Equivalents.
- Money Market Instruments which include commercial papers, commercial bills, treasury bills, Government Securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time to meet the liquidity requirements.
- Any other securities / instruments as may be permitted by SEBI from time to time, subject to requisite regulatory approvals if any.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds, provided it is in conformity with the investment objective of the Scheme and in terms of the

prevailing regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all schemes of the Mutual Fund or in schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund.

Further, the Scheme intends to participate in Stock Lending as permitted under the prevailing Regulations.

The securities mentioned above could be privately placed, secured, unsecured and of any maturity. The securities may be acquired through secondary market operations, private placement, rights offers or negotiated deals.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines mentioned under clause 12.16 of the SEBI Master Circular dated June 27, 2024. The AMC shall not charge any investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks for the scheme.

MONEY MARKET IN INDIA

The money market in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), Repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills & Cash Management Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

Following table exhibits various debt instruments along with indicative yields as on February 28, 2025:

Instruments	Yield level (% per annum)
3 months CP	7.92
3 months CD	7.53
1 year CP	8.08
1 year CD	7.63

Source: NSE Indices Ltd. Note: Yields provided in the above table are based on the Nifty CP & Nifty CD indices

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

B. What are the investment restrictions?

Pursuant to the SEBI MF Regulations as amended from time to time, the following investment restrictions are presently applicable to the Scheme:

- 1) The Scheme shall not invest more than 10% of its NAV in debt instruments comprising Money Market Instruments and non-Money Market Instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act as per the following matrix :
 - a) 10% of its NAV in debt and money market securities rated AAA; or
 - b) 8% of its NAV in debt and money market securities rated AA; or

c) 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above instrument limits may be extended by up to 2% of the NAV of the Scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of the Regulations.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and TREPs.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

Considering the nature of the Scheme, investments in such instruments will be permitted up to 5% of its NAV.

- 2) The Scheme shall not invest in unlisted commercial papers (CPs), other than (a) Government Securities, and (b) other Money Market Instruments.

For the above purposes, listed instruments shall include listed and to be listed instruments.

- 3) The Scheme shall not invest more than 5% of its net assets in unrated Money Market Instruments, other than Government Securities, treasury bills, Derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. All such investments shall be made with the prior approval of the Boards of AMC and Trustee.

Such investments would be made only in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

- 4) The Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided that investment in the AMC or the Trustee Company of the Mutual Fund shall be governed by clause (a) sub-regulation (1) of regulation 7B of the Regulations.

- 5) The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.

Provided further that the Scheme may enter into Derivatives transactions in a recognised stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- 6) All investments by the Scheme in equity shares and equity related instruments shall be made provided such securities are listed or to be listed.
- 7) The Scheme shall not make any investment in:
 - i. any unlisted security of an associate or group company of the Sponsor; or
 - ii. any security issued by way of private placement by an associate or group company of the Sponsor; or
 - iii. the listed securities of group companies of the Sponsor which is in excess of 25 per cent of the net

assets, except for investments made by the Scheme in compliance with such conditions as specified by SEBI.

- 8) Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
 - i. such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by the stock exchanges for spot transactions); and
 - ii. the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made, and
 - iii. the transfer is in accordance with the applicable guidelines provided under paragraph 12.30 of SEBI Master Circular dated June 27, 2024.
- 9) The Scheme may invest in other schemes under the Asset Management Company or any other mutual fund without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund.
- 10) The Fund shall get the securities purchased transferred in the name of the Fund on account of the Scheme, wherever investments are intended to be of a long-term nature.
- 11) No loans for any purpose can be advanced by the Scheme.
- 12) The Scheme shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of Repurchase/Redemption of units or payment of interest and/or Dividend to the Unitholders, provided that the Scheme shall not borrow more than 20% of its net assets and the duration of the borrowing shall not exceed a period of 6 months.
- 13) Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. Currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:
 - “Short Term” for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days.
 - Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of its net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - The Scheme shall not park more than 10% of its net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short term deposit of a bank which has invested in the Scheme. The Boards of Trustee / AMC shall ensure that the bank in which the Scheme has short term deposit do not invest in the Scheme until the Scheme has short term deposit with such bank.
 - The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

- 14) The Scheme will comply with the provisions specified in paragraph 12.25 of SEBI Master Circular dated June 27, 2024 with respect to the overall exposure limits applicable for Derivative transactions as stated below:

- (a) The cumulative gross exposure through all asset classes in which the Scheme is permitted to invest shall not exceed 100% of the net assets of the Scheme.
- (b) The Scheme shall not write options or purchase instruments with embedded written options.
- (c) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
- (d) Cash or Cash Equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- (e) Definition of exposure in case of Derivatives Positions – Each position taken in Derivatives shall have an associated exposure as defined below. Exposure is the maximum possible loss that may occur on a position. However, certain Derivative positions may theoretically have unlimited possible loss.

Exposure in Derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

- 15) The Scheme shall not make any investment in a Fund of Funds scheme.
- 16) Investment by the Scheme in the equity shares or equity related instruments of any company shall be in accordance with the weightage of the scrips in Nifty Total Market Index.

The Scheme will comply with the relevant regulatory investment limits applicable to the investments of mutual funds from time to time. The Trustee may alter the above restrictions from time to time to the extent that changes in the relevant Regulations may allow and/or as deemed fit in the general interest of the Unitholders.

All investment restrictions shall be applicable at the time of making the investment.

C. Fundamental Attributes

Following are the “fundamental attributes” of the Scheme, in terms of Regulation 18(15A) of the SEBI MF Regulations:

(i) Type of a scheme

Please refer to Section-I - Part I - Highlights/Summary of the Scheme.

(ii) Investment Objective

- Main Objective: Please refer to Section-I - Part I - Highlights/Summary of the Scheme.
- Investment Pattern: Please refer to Section-I - Part II – Information about the Scheme.

(iii) Terms of Issue

- Listing: Please refer to Section-I - Part I - Highlights/Summary of the Scheme.
- Redemption: Please refer to Section-I - Part I - Highlights/Summary of the Scheme.
- Aggregate Fees and Expenses: Please refer to Section-I – Part III - C. Annual Scheme Recurring Expenses.
- Any safety net or guarantee provided- None.

In accordance with Regulation 18(15A) and Regulation 25(26) of the SEBI (MF) Regulations and paragraph 1.14.1.4 of the SEBI Master Circular dated June 27, 2024, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and the Plan(s)/Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal;
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of at least 30 calendar days to exit at the prevailing Net Asset Value without any Exit Load.

D. Index Methodology

Nifty Total Market Index aims to track the performance of 750 stocks covering large, mid, small and microcap segments via a single index. Stocks that are part of Nifty 500 Index and Nifty Microcap 250 Index form part of the Nifty Total Market Index. Stock's weight is based on its free-float market capitalization.

Eligibility Criteria for Selection of Constituent Stocks:

All stocks that form part of the Nifty 500 Index and Nifty Microcap 250 Index form part of the Nifty Total Market Index at all points in time.

Index Methodology:

- The index includes all the stocks of Nifty 500 and Nifty Microcap 250 Indices at every point in time.
- Index reconstitution will be aligned with the rebalancing of Nifty 500 and Nifty Microcap 250 Indices and will be done on a semi-annual basis and made effective from the last trading day of March and September, using 6 month ended average data for January and July respectively.
- Apart from the scheduled semi-annual review, additional ad-hoc reconstitution and rebalancing of the index shall be initiated in case any of the index constituents is excluded from Nifty 500 Index or Nifty Microcap 250 Index or undergoes suspension or delisting or scheme of arrangement.
- Further, on a quarterly basis, indices will be screened for compliance with the portfolio concentration norms for ETFs/ Index Funds announced by SEBI on January 10, 2019. In case of non-compliance, suitable corrective measures will be taken to ensure compliance with the norms.

Weight and constituent capping:

Stock weights are determined based on their free float market capitalizations.

The updated constituents of the Underlying Index of the Scheme shall also be made available on the website i.e. www.angelonemf.com at all points of time.

Impact cost of constituents: The individual constituent of the index shall have an average impact cost as may be disclosed by the index provider.

E. Other Scheme Specific Disclosures

Listing and transfer of units	<p><u>Listing :</u> The units of the Scheme are listed on NSE. It may also list on any other exchanges subsequently.</p> <p><u>Transfer :</u></p> <p>In accordance with clause 14.4.4 of SEBI Master Circular dated June 27, 2024, units of the Scheme are held in electronic (demat) form and are transferable. The units are subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time.</p> <p>If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.</p> <p>The delivery instructions for transfer of units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode.</p>
Dematerialization of units	<ol style="list-style-type: none"> 1) Units of the Scheme will be available in Dematerialized (electronic) form only. 2) The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the application the Depository Participants (DP's) name, DP ID Number and the beneficiary account number of the applicant. 3) Units of the Scheme will be issued, traded and settled compulsorily in dematerialized form. <p>Please refer to the SAI for further details.</p>
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the Investors would be refunded the amount invested without any return.)	Not applicable.
Maximum Amount to be raised (if any)	Not applicable.
Dividend Policy (IDCW)	Unit holders may note that the Trustee may declare Dividends in the Scheme from time to time in accordance with the Dividend Policy set out below.

	<p>Dividend Policy: The Trustee may declare Dividend to the Unit holders under the Scheme subject to the availability of distributable surplus and the actual distribution of Dividends and the frequency of distribution will be entirely at the discretion of the Trustee. Such Dividend will be payable to the Unit holders whose names appear on the register of Unit holders on the record date as fixed for the Scheme. The Dividend declared will be paid net of tax deducted at source, wherever applicable, to the Unit holders within 7 working days from the Record date. Dividends can be distributed out of Investors' capital (Equalization Reserve), which is part of sale price that represents realized gains.</p> <p>The Scheme will follow the requirements stipulated in the listing agreement for declaration of Dividends.</p> <p>There is no assurance or guarantee to the Unit holders as to the rate of Dividend distribution nor the frequency of Dividend. If the Scheme declares Dividend, the NAV of the Scheme will stand reduced by the amount of Dividend and tax deducted at source (if applicable). All the Dividend payments shall be in accordance and compliance with the SEBI MF Regulations and the applicable guidelines issued by the Stock Exchange(s), as applicable from time to time.</p>
<p>Allotment (Detailed procedure)</p>	<p>The AMC shall allot units to those applicants whose valid applications have been accepted and funds have been credited to the Scheme's bank account. The amount for fractional units, if any, will be refunded to the Investor.</p> <p>The AMC/Trustee may reject any application for Subscription if found incomplete.</p> <p>Allotment Confirmation / Consolidated Account Statement (CAS) Single Consolidated Account Statement (SCAS):</p> <p>The AMC shall send allotment confirmation specifying the number of units allotted to the Investor by way of email and/or SMSs to the Investor's registered email address and/or mobile number not later than 5 (five) Business Days from the date of closure of the New Fund Offer Period. Thereafter, Single Consolidated Account Statement (SCAS), based on PAN of the holders, shall be sent by the Depositories, for each calendar month within 15th day of the succeeding month to the unitholders in whose folio(s)/demat account(s) transactions have taken place during that month.</p> <p>Applicants under the Scheme will be issued Units in dematerialized form only. Applications which do not contain valid details of the demat account of the investors would be rejected and the application money will be refunded within the prescribed timeline. Where units are held by Investor in dematerialised form, the demat statement issued by the DP would be deemed adequate compliance with the requirements in respect of dispatch of statements of account.</p>

	<p>The Units of the Scheme held in the dematerialised form will be fully and freely transferable (subject to lock-in period, if any, and subject to lien, if any marked on the Units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time and as stated in paragraph 14.4.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024. Further, for the procedure of release of lien, the investors are requested to contact their respective DP.</p>

	<p>Superannuation Funds under Income Tax Act, 1961, till August 31, 2025 or as specified in the Regulations time to time.</p> <p>The AMC/Trustee reserves the right to introduce, change, modify or withdraw any of the features available in this facility from time to time.</p>
Principles of incentive structure for market makers	<p>Incentives to the Market Maker will be linked to the performance of the Market Maker in terms of generating liquidity in units of the Scheme. Incentives, if any, to the Market Maker shall be charged to the Scheme within the maximum permissible limit of TER. Incentives to the Market Maker shall be at the discretion of the AMC which may be variable in nature or fixed amount adhering to maximum permissible limit of TER.</p> <p>Determination of incentives for Market Makers Listed below are a few criteria based on which the AMC will determine the incentives to the Market Makers :</p> <ul style="list-style-type: none"> • Volume carried out by the Market Maker on the Exchange as compared to total volume of respective ETFs on the Exchange. • Any other performance-based incentive that the Market Maker Committee of the AMC may decide. <p>The incentive may be fixed monthly compensation which shall not exceed TER of the Scheme.</p> <p>Incentives, if any, will be payable to the Market Maker subject to the Market Maker fulfilling its obligations and responsibilities.</p>
Minimum balance to be maintained and consequences of non-maintenance	Not Applicable.
Account statements (during on going offer)	<p>Units issued by the AMC under the Scheme shall be credited to the Investor's beneficiary account with a Depository Participant (DP) of CDSL or NSDL. The AMC will endeavour to credit the units to the beneficiary account of the Unit holder within two Business Days from the date of receipt of credit of the funds.</p> <p>Unit holders who have a Demat Account are requested to note the following :</p> <ul style="list-style-type: none"> • Investors who have holdings in mutual funds and securities in their demat account shall receive a Single Consolidated Account Statement from the Depository. • Consolidation of account statement shall be done on the basis of PAN. In case of multiple holdings, it shall be PAN of the first holder and pattern of holding. • The CAS shall be generated on a monthly basis and shall be issued on or before the 15th of the immediately succeeding month to the Unit holder(s) in whose folio(s) transaction(s) has/have taken place during the month. • As a green initiative measure, SEBI vide its circular no. SEBI/HO/MRD-PoD2/CIR/P/2024/93 dated July 1, 2024 has specified that the CAS shall be despatched by e-mail to all the Investors whose e-mail addresses are registered with the

	<p>Depositories and AMCs/MF-RTAs. However, where an Investor does not wish to receive CAS through e-mail, an option shall be given to the Investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs. The Depositories shall also intimate the Investor on a quarterly basis through the SMS mode specifying the e-mail id on which the CAS is being sent. In case there is no transaction in any of the mutual fund folios, then CAS detailing holdings of investments across all schemes of the mutual funds will be issued on half yearly basis at the end of every six months (i.e. September/ March) on or before 21st of the immediately succeeding month.</p> <p>For further details, refer SAI.</p>
Dividend / IDCW	<p>Dividend payments shall be initiated / dispatched to the Unit holders within 7 working days from the record date, in compliance with paragraph 11.4 of the SEBI Master Circular Dated June 27, 2024. In the event of failure to make the Dividend payments within 7 working days, the AMC shall pay an interest @ 15 per cent per annum of the relevant Dividend amount to the applicable Unit holders. Interest for the delayed payment of Dividend shall be calculated from the record date.</p>
Redemption	<p>The Market Maker/Large Investor may submit Redemption request transaction form prescribed by the AMC enclosed with Redemption request slip used in the depository system duly acknowledged by the Depository Participant with which the Market Maker/Large Investor has a depository account.</p> <p>Redemption proceeds in the form of basket of securities included in the Underlying Index in the same proportion will be credited to the designated DP account of the Market Maker/Large Investor. Any fractions in the number of securities transferable to Market Maker/Large Investor will be rounded off to the lower integer and the value of the fractions will be added to the Cash Component payable. Applicable Cash Component will be recovered along with necessary transaction handling charges.</p> <p>Payment of proceeds in cash: The Fund at its discretion may accept the request of Market Maker/Large Investor for payment of redemption proceeds in cash in Creation Unit Size or in multiples thereof. Such investors shall submit Redemption request transaction form prescribed by the AMC enclosed with redemption request slip used in the depository system duly acknowledged by the depository participant with which Market Maker/Large Investor has a depository account. whereupon the Fund will arrange to sell underlying portfolio securities on behalf of the investor. Accordingly, the sale proceeds at the actual execution price of the underlying portfolio, after adjusting necessary transaction handling charges/costs and applicable Cash Component, will be remitted to the investor. The number of Units so redeemed will be subtracted from the unitholder's account balance (DP) and a statement to this effect will be issued to the unitholder by depository.</p>

	<p>The Redemption or Repurchase proceeds shall be dispatched to the Unitholders within three working days from the date of Redemption or Repurchase.</p> <p>AMFI, in consultation with SEBI, has published a list of exceptional circumstances for schemes unable to transfer Redemption or Repurchase proceeds to Investors within the stipulated time as mentioned above, along with applicable time frame for transfer of Redemption or Repurchase proceeds to the unitholders in such exceptional circumstances. The said list is available on AMFI website.</p>
Bank Mandate	<p>As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications and therefore, Investors are requested to fill-up the appropriate box in the application form failing which applications are liable to be rejected. Additionally, if the bank details provided by Investors are different from the details available on instrument, the AMC may seek additional details from Investors to validate the bank details provided by Investors.</p>
Delay in payment of Redemption / Repurchase proceeds	<p>The Asset Management Company shall be liable to pay interest to the unitholders at @ 15% per annum as specified vide paragraph 14.2 of the SEBI Master Circular dated June 27, 2024 for the period of such delay.</p> <p>However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC/Trustee is required to obtain from the Investor/Unit holder, verification of identity or such other details relating to Subscription/Redemption for Units under any applicable law or as may be requested by a Regulatory Authority or any government authority, which may result in delay in processing the application.</p>
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	<p>The unclaimed Redemption and Dividend (IDCW) amount may be deployed by the Mutual Fund in call money market, Money Market Instruments or separate plan of overnight scheme/ liquid scheme / money market mutual fund scheme floated specifically for deployment of the unclaimed amounts only. Provided that such schemes where the unclaimed Redemption and Dividend amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix.</p> <p>The Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education.</p> <p>Please refer to SAI for further details.</p>

Disclosure w.r.t. investment by minors	<p>A minor can invest through his/her parent/lawful guardian. Minors can complete their KYC requirements for their folio through guardian. Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor with parent or legal guardian.</p> <p>For further details, please refer to SAI.</p>
Settlement of purchase/sale of units of the Scheme on the Stock Exchange	<p>Buying/Selling of Units of the Scheme on the Exchange(s) is just like buying/selling any other normal listed security. If an Investor has bought Units, then such Investor has to pay the purchase amount to the broker/sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the Exchange(s). If an Investor has sold Units, then such Investor has to deliver the Units to the broker/sub-broker before the securities pay-in day of the settlement cycle on the Exchange(s). The Units (in the case of Units bought) and the funds (in the case of Units sold) are paid out to the broker on the payout day of the settlement cycle on the Exchange(s). The Exchange(s) regulations stipulate that the trading member should pay the money or Units to the Investor within 24 hours of the payout.</p> <p>If an Investor has bought Units, then such Investor should give Standing Instructions for 'Delivery-In' to its Depository Participant for accepting Units in its beneficiary account. An Investor should give the details of its beneficiary account and the Depository Participant-ID of their Depository Participant to their trading member. The trading member will transfer the Units directly to the beneficiary account of the Investor on receipt of the same from Exchange(s)' clearing corporation.</p> <p>An Investor who has sold Units should instruct their Depository Participant to give 'Delivery Out' instructions to transfer the Units from their beneficiary account to the pool account of their trading member through whom they have sold the Units. The details of the Pool A/c (CM-BP-ID) of their trading member to which the Units are to be transferred, Unit quantity etc. should be mentioned in the Delivery Out instructions given by them to the Depository Participant. The instructions should be given well before the prescribed securities pay-in day.</p> <p>SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the cut-off time for the prescribed securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.</p> <p>The rolling settlement will be on T+1 basis.</p> <p>While calculating the days from the trading day, weekend days (i.e. Saturday and Sundays), Exchange holidays and bank holidays will not be taken into consideration.</p>

Example of creation and redemption of Units :

Each Creation Unit consists of 35,00,000 units of Angel One Nifty Total Market ETF. The Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by the Fund as per the weights of each security in the Underlying Index. The value of this Portfolio Deposit will change due to change in prices during the day. The number of shares of each security that constitute the Portfolio Deposit will remain constant unless there is any corporate action in the Underlying Index or there is a rebalance in the Underlying Index.

III. OTHER DETAILS

A. Periodic Disclosures such as Half yearly disclosures, half yearly results, annual report Monthly / Half yearly Portfolio Disclosures:

Portfolio disclosures

The AMC shall disclose portfolio (along with ISIN) as on the last day of the month / half year for the Scheme on the websites of the AMC (www.angelonemf.com) and AMFI (www.amfiindia.com) within 10 days from the close of each month / half year in a user-friendly and downloadable spreadsheet format. In case of unitholders whose email addresses are registered with the Fund, the portfolios disclosed as above shall be sent to the unitholders via email. The unitholders whose e-mail address are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. An advertisement shall be published in the all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the Scheme's half yearly portfolio on the websites of AMC and AMFI and the modes through which a Unit holder can submit a request for a physical or electronic copy of the statement of the Scheme's portfolio.

Investors may place a specific request to the Mutual Fund for sending the half yearly Scheme portfolio through e-mail. The AMC shall provide a physical copy of the statement of its Scheme's portfolio, without charging any cost, on specific request received from a Unit holder.

Half Yearly Financial Results

The AMC shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on its website (www.angelonemf.com) and on AMFI's website (www.amfiindia.com) and shall publish an advertisement disclosing the hosting of such financial results on the websites, in at least one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the Mutual Fund is situated.

Annual Report

The scheme wise Annual Report or an abridged summary thereof shall be mailed to all unitholders within four months from the date of closure of the relevant account's year i.e. 31st March each year, whose e-mail address is registered with the Fund. The physical copies of the scheme wise Annual Report will be sent to those unitholders who have opted-in to receive physical copies, and the same will also be made available to the unitholders at the registered office of the AMC.

An advertisement shall also be published in all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the websites of the AMC and AMFI and the modes such as SMS, telephone, email or written request (letter), etc. through which Unit holders can submit a request for a physical or electronic copy of the scheme wise annual report or abridged summary thereof.

The physical copy of the scheme wise annual report or abridged summary shall be made available to the Investors at the registered office of the AMC. A link of the Scheme's annual report shall be displayed prominently on the website of the Mutual Fund (www.angelonemf.com) and that of AMFI (www.amfiindia.com).

The AMC shall also provide a physical copy of abridged summary of the annual report, without charging any cost, on specific request received from the unitholder.

Risk-o-meter

In accordance with paragraph 5.16 of SEBI Master Circular dated June 27, 2024, the AMC shall disclose:

- (a) risk-o-meter of the Scheme and benchmark while disclosing the performance of the Scheme vis-à-vis benchmark and
- (b) details of the Scheme portfolio including the Scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark while communicating the fortnightly, monthly and half-yearly statement of Scheme portfolio via email.

Risk-o-meter of the Scheme shall be evaluated on a monthly basis and shall be disclosed along with Scheme portfolio disclosure on the website of the Mutual Fund (www.angelonemf.com) and that of AMFI (www.amfiindia.com) within 10 days from the close of each month. The AMC shall also disclose the risk level of its schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on its website and on AMFI's website.

Any change in risk-o-meter of the Scheme shall be communicated by way of notice-cum-addendum and by way of an e-mail or SMS to the unitholders of the Scheme.

Scheme Summary Document

The scheme summary document for all the schemes of the Mutual Fund shall be disclosed on the websites of the AMC (www.angelonemf.com), AMFI (www.amfiindia.com) and Stock Exchanges, containing details of the schemes including but not limited to scheme features, Fund Manager details, investment details, investment objective, expense ratios, portfolio details, etc. in 3 data formats i.e. PDF, spreadsheet and a machine readable format (either JSON or XML) on a monthly basis or whenever there is change in any of the specified fields, whichever is earlier, within 5 working days of such change.

iNAV of the Scheme i.e. the per unit NAV based on the current market value of its portfolio during the trading hours of the Scheme, shall be disclosed on a continuous basis on the Stock Exchange(s), where the units of the Scheme are listed and traded and shall be updated within a maximum time lag of 15 seconds from underlying market. iNAV will be disclosed only on Business Days.

Tracking Error

The Tracking Error based on past one year rolling data, shall be disclosed on a daily basis, on the websites of the AMC and AMFI. In case the Scheme has been in existence for a period of less than one year, the annualized Tracking Error shall be calculated based on available data.

Tracking Difference

Tracking Difference i.e. the annualized difference of daily returns between the index and the NAV of the Scheme shall be disclosed on the websites of the Mutual Fund and AMFI, on a monthly basis, for tenures 1 year, 3 years, 5 year, 10 year and since the date of allotment of units. This would be applicable after the Scheme completes one year since inception.

B. Transparency/NAV Disclosure:

NAVs are determined for every Business Day except in special circumstances. NAVs are calculated upto four

decimal places and are available on the websites of AMFI (www.amfiindia.com) and the Mutual Fund (www.angelonemf.com) by 11.00 p.m. on all Business Days. The NAVs are also available on the Toll Free Number 1800-209-0231 on all Business Days (viz. Monday to Friday between 9.00 a.m. to 6 p.m. and on Saturdays (1st & 3rd) between 9.00 a.m. to 1.00 p.m.) and on the website of the Registrar and Transfer Agent CAMS (www.camsonline.com).

In case the NAVs are not available before the commencement of Business Hours on the following day due to any reason, the AMC shall issue a press release giving reasons for the delay and explain when it would be able to publish the NAVs. Further, the AMC will extend facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard.

C. Transaction charges and stamp duty:

Transaction charges :

No transaction charge shall be deducted from the Subscription amount for transactions / applications received through the distributors.

Stamp Duty :

Pursuant to the notification no. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by the Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of the notification dated February 21, 2019 issued by the Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019 and Clause 10.1 of SEBI Master Circular dated May 19, 2023, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 01, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase/ switch-in transactions to the unitholders would be reduced to that extent.

Please refer to SAI for further details.

D. Associate Transactions :

Please refer to SAI for further details.

E. Taxation :

For details on taxation please refer to the clause on Taxation in the SAI apart from the following:

Capital Gains ³ : a) Long Term ⁴ (period of holding: more than 12 months)	12.5%*on gains exceeding Rs.1,25,000 in a year (without indexation benefit)	12.5%*on gains exceeding Rs.1,25,000 in a year (without indexation & foreign exchange fluctuation benefit)	

Particulars	Resident Investors	Non-Resident Investors	Mutual Fund
b) Short Term ⁵ (period of holding: up to 12 months)	20%*	20%*	

* Basic Tax shall be increased by surcharge as per applicable rate and Health & Education Cess at the rate of 4% on aggregate of basic tax & surcharge.

Notes:

- As per section 10(23D) of the Income-tax Act, 1961, a mutual fund registered with Securities and Exchange Board of India (SEBI), the entire income of such mutual fund is exempt from income-tax. Further, such mutual fund will receive all its income without deduction of tax at source as per provisions of Section 196 of the Act.
- With effect from April 1, 2020, income distributed by a mutual fund in respect of units of mutual funds is taxable in the hands of the unitholders at normal tax rates (plus applicable surcharge and cess).
- Securities Transaction Tax (STT) is applicable on Redemption of units of equity-oriented mutual funds.

Transactions	Rates	Payable By
Purchase of units of equity-oriented mutual fund	Nil	NA
Sale of units of equity-oriented mutual fund (delivery based)	0.001%	Seller
Sale of units of equity-oriented mutual fund (non-delivery based)	0.025%	Seller
Sale of units of an equity-oriented fund to the Mutual Fund	0.001%	Seller

- As per section 112A of the Income Tax Act, 1961 as amended by Finance Act 2024 (No.2) long-term capital gains, exceeding Rs 1,25,000 on transfer of units of EOFs shall be taxable at the rate of 12.5% provided transfer of such units is subject to STT, without giving effect to first and second proviso to section 48 i.e., without taking benefit of foreign currency fluctuation and indexation benefit.
- As per section 111A of the Income-tax Act, 1961 as amended by Finance Act 2024 (No.2) short-term capital gains on transfer of units shall be taxable @20% subject to STT on transfer of such units.

TDS Applicability:

In case of Resident Investors: TDS is applicable at the rate of 10% on income distributed in excess of Rs.5,000 by a mutual fund.

In case of Non-Resident Investors: TDS is applicable on any income in respect of units of a Mutual Fund at lower of 20% (plus applicable surcharge and cess) or rate of income-tax provided in the relevant Double Taxation Avoidance Agreement ('DTAA').

As per the provisions of section 90(2) of the Act, in determining the taxability of a non-resident, the provisions of the relevant DTAA or the Act, whichever are more beneficial, shall apply. Accordingly, if the Investor is a resident of country with which India has entered into a DTAA, the provisions of the DTAA or of the Act, whichever are more beneficial to the Investor, shall apply.

Section 90(4) of the Act, provides that a taxpayer, not being a resident, to whom a DTAA applies, shall not be entitled to claim any relief under such DTAA unless a certificate of it being a resident in any country outside India is obtained by it from the Government of that country. Further, section 90(5), provides that the taxpayer referred to in section 90(4) of the Act, shall also provide such other documents and information, as may be prescribed.

Section 206AB of the Act provides for higher rate for TDS for the non-filers of income-tax return. The TDS rate in this section is higher of the following rates:

- i) twice the rate specified in the relevant provision of the Act; or
- ii) twice the rate or rates in force; or
- iii) the rate of five per cent.

However, the said provision does not apply to a non-resident who does not have a permanent establishment in India and a person who is not required to furnish the return of income for the assessment year relevant to the said previous year and is notified by the Central Government in the Official Gazette in this behalf.

Section 206AA of the Act apply in case PAN is not furnished, the tax shall be deducted at higher of the following rates:

- i) rates specified in relevant provisions of the Act; or
- ii) rate or rates in force; or
- iii) rate of 20%.

The above income-tax/TDS rates are in accordance with the provisions of the Income-tax Act, 1961 as amended by Finance Act 2024. The above rates are based on the assumption that the mutual fund units are held by the Investors as capital assets and not as stock in trade.

Investors are requested to note that the tax position prevailing at the time of investment may change in future due to statutory amendment(s). The Mutual Fund will pay/deduct taxes as per the applicable tax laws on the relevant date considering the provisions of the Act. The above information is provided for only general information purposes and does not constitute tax or legal advice. In view of the individual nature of tax benefits, each Investor is advised to consult with his/ her tax consultant with respect to the specific direct tax implications arising out of their transactions.

Website / Electronic modes – Angel One AMC shall accept transactions through its website (www.angelonemf.com). Transactions shall also be accepted through other electronic means including through secured internet sites operated by CAMS with specified channel partners (i.e. distributors) with whom AMC has entered into specific arrangements. The servers of Angel One AMC and CAMS, where such transactions shall be sent shall be the official point of acceptance for all such online / electronic transaction facilities offered by the AMC.

NSE MFSS / BSE STAR / ICEX - Eligible Brokers/Clearing Members/Depository Participants / Distributors will be considered as the Official Point of Acceptance for the transactions through NSE MFSS, BSE STAR and ICEX platforms.

MFCentral as Official Point of Acceptance:

For enhancing Investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA's), Kfin Technologies Private Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund Investors. MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund Investors across fund houses subject to applicable Terms & Conditions of the Platform. MFCentral may be accessed using <https://mfcentral.com/>

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service Centres or collection centres of Kfintech or CAMS.
